Work History

Culinary Chef

Through my time in cooperate industries in the restaurant business I've been able to develop leadership and communicative skills. Currently still being in the field allows me maintain a strong work ethic with old/new co-workers.

Confined Space Rescue

With the intensive training I had to endure was very reflective towards my personality being that my detemination for success is always a priority.

Education

- *Present* - Georgian College 3 Year Graphic Design Diploma
- Graduated at Innisdale Secondary in 2015
- Attended Night/Summer Classes, allowing me to finish a year early.

Profile

With the knowledge I've obtained through my graphic design studies I am able to apply these new skills to any needed task. The ability to showcase great illustrative techniques, web coding, 2D & 3D animation. I'm strongly passionate about all aspects of motion graphics and continue daily in improving my flexibility between many programs.

Design Experience

Great understanding in utilizing the techniques and shortcuts to ensure fluid motion is applied to illustrations brought into After Effects.

Steady curve of design knowledge with constructing appropriate layouts, correct heading and maintaining effective typographic skills.

Developing websites through coding methods applied in Dreamweaver with acceptable delivery to clients.

Adequate ability to preflight and prepress documents in advance to help eliminate common errors.

Printing background enables me to have a better understanding with the use of marketing and advertising through flyers, business cards, posters, etc.

Have showcased the capability of working with colleagues to meet deadlines for client product and rebranding.
